RESOURCES

Colours & Materials

Colour is one of the easiest ways to make a playground yours — match a school's colours, a council's brand, or a theme. Mix and match across steel, plastic, HDPE, rope and rubber softfall, or talk to us about a custom palette.

01 Steel

Posts & steel accessories

Manufactured from high-quality galvanised steel, our playgrounds are designed for long-term durability and corrosion resistance. Standard components feature through-galvanised steel with a durable polyester powder-coated finish, available in a wide range of colours.

For coastal and high-corrosion environments, an additional zinc coating is available for enhanced protection, while hot-dip galvanised steel offers the highest level of corrosion resistance for harsh conditions.

AT A GLANCE

- ✓ Through-galvanised steel, polyester powder coat
- ✓ 15 standard colours, mix and match per post
- ✓ Extra zinc coating for coastal sites
- ✓ Hot-dip galvanised option for harsh conditions
- ✓ 20-year warranty on powder-coated steel

POWDER-COAT COLOURS

Shown on actual post caps.

Red · Orange · Yellow · Brown · Beige · Teal · Sky Blue · Blue · Forest Green · Green · Lime Green · Black · British Grey · Grey · White

02 Plastics

Rotomoulded components

Moulded plastic components are manufactured from UV-stabilised Linear Low-Density Polyethylene (LLDPE), providing a durable, impact-resistant finish designed for commercial playground environments.

LLDPE is resistant to fading, cracking and weathering, delivering vibrant colours and long-lasting performance in Australia's harsh outdoor conditions.

AT A GLANCE

- ✓ UV-stabilised LLDPE, colour moulded through
- ✓ Impact resistant, won't crack or chip
- ✓ 32 colours across four families
- ✓ Slides, panels, roofs, caps and play features

GREENS & BLUES

Light Green · Green · Teal · Blue · Prussian Blue · Navy Blue · Sky Blue · Ice Blue · Periwinkle · Sage · Olive Mist · Army Green

WARM COLOURS

Yellow · Golden Yellow · Marigold · Orange · Tangerine · Red · Dark Red · Maroon

PURPLES

Wisteria · Purple

NEUTRALS

Primrose White · Cream · Wax Yellow · Beige · Light Brown · Brown · Espresso · Grey · Smoke · Black

03 HDPE panels

Cut play panels & signage

Manufactured from UV-stabilised high-density polyethylene (HDPE), our playground panels are designed for long-term durability in outdoor environments.

HDPE is resistant to fading, moisture, corrosion and vandalism, while providing a vibrant, low-maintenance finish that won't rot, splinter or require painting.

AT A GLANCE

- ✓ Seven standard single colours
- ✓ 14 two-tone sandwich panels with a contrasting core
- ✓ Routed designs reveal the core colour
- ✓ 20-year warranty on HDPE panels

STANDARD COLOURS

Charcoal · Red · Yellow · Green · Blue · Sand · Orange

SANDWICH PANELS

A coloured face over a contrasting core.

Sunset · Ember · Reef · Acorn · Tiger · Domino · Meadow

Midnight · Dune · Zest · Hornet · Blossom · Tuxedo · Shelly

04 Rope

Our rope is marine-grade navigation cable, 16mm in diameter — a chrome-plated steel wire core wrapped in a hard-wearing jacketed hose outer, built to take constant climbing in all weather.

CABLE COLOURS

Red

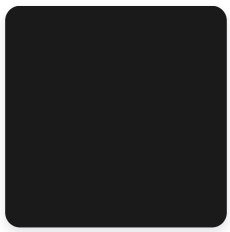

Black

05 Platform

Platforms and decks are mild steel finished with a PVC vulcanised rubber coating — a tough, slip-resistant, weatherproof surface that's hard-wearing and comfortable underfoot. Finished in black.

FINISH

Black, PVC vulcanised rubber

06 Rubber softfall

Wet-pour surfacing

Wet-pour rubber softfall is mixed on site from coloured CSBR granules, so the surface can be a single colour or any blend — matched to your equipment, brand or theme. Seamless, wheelchair accessible and certified to AS 4422.

Design your own blend online at **kidzspace.com.au/resources/rubber-blender**.

AT A GLANCE

- ✓ 17 granule colours, any blend
- ✓ Seamless and wheelchair accessible
- ✓ Impact-tested to AS 4422

GRANULE COLOURS

Aqua · Auburn · Beige · Black SBR · Cocoa · Dark Blue · Dark Green · Eggshell · Emerald · Grey

Mid Blue · Mid Green · Orchid · Red · Rose · Sand Yellow · Terracotta

The right colour selection can transform a playground, helping it blend seamlessly with its surroundings or become a standout feature. Whether you're matching existing branding, supporting a design theme, or creating a unique play space, our wide range of colours allows you to customise your project to suit your vision.

Colours shown are a guide only. Variations may occur between printed, digital and finished product colours.

Planning a colour scheme?

Tell us your site or brand colours and we'll help you pull together a palette — free, no obligation.
